Chicago,  
Ill.

Attention: Mr. W. F. Desmond

Dear Sir:

Subject: Ajustall Non Backflo Fitting

We return herewith your original draft specifications and photostatic copy of the above named fitting.

You will note that in the draft specifications we have changed the word Slip Joint into "Ground Joint". This correction should be made all the way through the application.

When our Mr. C. H. Russell was down to see you last week he left a new blue print of the Ajustall Non Backflo Fitting brought up to date. The main change of course lies in the outlet tube. This change was found desirable through our work with the State Plumbing Inspector, and this was basically the reason why we have delayed going ahead with this proposition.

Will you kindly go ahead with the Patent Application?

With best regards, we are

Yours truly,

M.C.Frost/VL  
Encs.

F R O S T C O.
